

# All-on-4® Hybrid Implant Package

## All-on-4® Hybrid Implant Package

With our All-on-4® Hybrid Implant Package, you are able to treat edentulous or soon-to-be edentulous patients with a full-arch prosthetic the same day of surgery. Designed to make surgeries as seamless as possible, each package includes a surgical guide, bio model with transmucosals, cylinders and screws, a prosthetic and temporary denture.

In addition to saving time and money spent on purchasing and stocking inventory parts, our All-on-4® Hybrid Implant package also saves you time during surgery as well. Not to mention, the added benefit of seeing your patient's smile the same day of surgery!

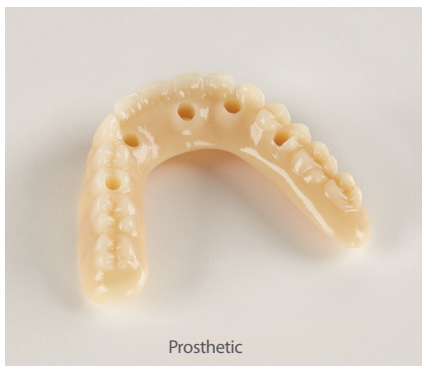

For more information or to request a quote based on your implant system, contact our knowledgeable staff at 1.800.995.0626.
